

Become a Commissioned Leader

Join the [CLA-Africa Ministers Mobilization Center](#)

Stop studying in isolation. Your calling deserves a community. The CLI-Africa Micro School, in partnership with [TLFBN Africa](#), is now enrolling students for our unique "Phygital" leadership program.

We don't just give you a login; we give you a launchpad.

Why Our Hub is Different:

- **The Phygital Mentorship Lab:** Forget "distance learning." At our hub, we bridge the gap. Study your CLI modules online during the week, then join us for Weekend Mobilization Sessions (Saturdays 3:30 PM | Sundays 4:00 PM). Here, we turn theory into practice through role-play counseling, sermon prep, and leadership clinics.
- **A "Ministry-First" Ecosystem:** As a partner of The Light Family Bible Network, we provide what a computer cannot: spiritual counseling, hands-on mentorship, and personal coaching. We focus on the person, not just the percentage on your exam.
- **The WhatsApp Micro-Campus:** Data shouldn't be a barrier to your destiny. Our "Data-Lite" WhatsApp strategy ensures you stay connected with Daily Wisdom threads, voice-note lessons, and peer-to-peer support that keeps your momentum high without draining your wallet.
- **Mobilization & Networking:** We are a mobilization center. This means we help you maximize your influence. Connect with a network of Christian leaders across Africa and gain access to local ministry placement opportunities.
